The Besakih tour leads south-east, past Tulamben and beautiful rice fields and terraces. You will pass the famous area of Tirta Gangga, which features some of Bali's best views of rice fields and also the royal water palace. The water palace (Taman Tirta Gangga) has beautiful ornaments of the Rajah period. The trip continues to the most important temple of Bali, the Besakih temple. It is perched almost 1.000 meters high on the slopes of the Mount Agung. The huge temple complex and the backdrop of the mountain make it a beautiful setting. On the way to the temple there are many souvenir shops and also persistent locals who offer their service as guides!
