Quad Adventure Tour

DRIVE WITH US INTO THE HEART OF BALI

For the people who want to experience what Bali is really like, we offer you a unique off road adventure tour with Quads through a very authentic part of the island. Our tour combines a great experience of driving your own powerful off road Quad with the opportunity to experience the way the local people live. You will follow the professional guides when driving between beautiful rice fields, passing the rainforest, driving up the mountain and crossing some riverbeds. It doesn't matter if you have never driven a Quad before, as the vehicles are very user friendly. You will get an instruction and a chance to practice before start of the tour.
What makes this tour unique is the fact that we reach the most hidden spots on the island where we meet the friendly local people. Mostly we use small tracks which are also used by the locals. The length of the tour is 18 km, driven in about 2 hours. After the tour an extended lunch buffet is served in a restaurant. On the way back you can enjoy the panorama of Mount Batur from the viewpoint.
